

My Trip

The right solution to Sell air tickets and other travel services on your website

Offer your clients vast travel content

My Trip is your online travel agency for selling not only air tickets but all related travel services. This online reservation system allows you to easily and attractively distribute services through your website. Thanks to My Trip, you can offer your clients air transport, accommodation, and many other service according to their needs.

Through My Trip, IATA member travel agents can enable their customers to book their air tickets directly from agency web page.

You can customise HTML and plain text notifications, itinerary and electronic ticket templates and set up service fees and commissions by various criteria (destination, city pair, price, airline, etc.).

Key Features

- Quick and easy implementation.
- GDS reservations with an automated system distributing fully customisable graphic and text client notifications and documents.
- Possibility to define service fees and commissions by various criteria.
- Complete customisation of your front end through back-office tools (icons, images, colours).
- Support of online payment systems. Once your client pays through a payment gateway, his or her electronic ticket is automatically issued and delivered via email, with no need for an agent.
- The online solution will attempt to search for the lowest-priced ticket.
- Filtering options gives passengers easy access to the flight search criteria.
- Service Fee can be incorporated in the cost price as per agents requirement.
- Prompt response on queries.
- Extremely easy to use - Book a ticket with just a few click.
- No commission and additional costs

The online booking engine developed for all Travelport GDS users. Nearly working with 500 airline companies, over 600,000 hotel properties to choose from.

My Trip at a glance

1. Search through entire Airline fare inventory and get the most affordable and convenient flights.
2. Easily integrated into existing agency website.
3. Determines your own service fee.
4. Powered by Travelport Universal API

The screenshot displays a flight search interface. At the top, there are navigation tabs for 'Flights', 'Hotel', 'Car Rental', and 'Insurance'. Below this is a 'Search for Flights' section with a search bar and filters for 'One Way', 'Round Trip', and 'Multi City'. The search criteria include 'Departure Airport*' (city or specific airport), 'Arrival Airport*' (city or specific airport), 'Departing Date*' (mm/dd/yyyy), and 'Return Date*' (mm/dd/yyyy). There are also fields for 'Adult' (1), 'Child' (2), and 'Infant' (2), and a 'Flight Class' dropdown set to 'Economy'. A 'Search for Flights' button is located below the search criteria.

Below the search section, the results are titled '10 Flights from Karachi(KHI) to Dubai(DXB) on 2018-07-04'. The results are filtered by 'Filter By:' and sorted by 'CHEAPEST'. The filter options include 'Stops' (Non-stop, 1 Stop, 2+ Stops) and 'Price' (AED 861 to AED 1,72,665). The flight results are displayed in a table with columns for 'Stops', 'Airline', 'Departure Time', 'Arrival Time', 'Duration', and 'Price'. The flights are sorted by price, with the cheapest being AED 861 for a non-stop flight on Sharjah Air International.

Stops	Airline	Departure Time	Arrival Time	Duration	Price
Non-stop	Sharjah Air International	00:30	02:00	2H 30M	AED 861
Non-stop	Sharjah Air International	18:00	21:10	2H 10M	AED 861
Non-stop	flydubai	14:25	16:25	2H 0M	AED 885
Non-stop	flydubai	11:20	13:25	2H 5M	AED 885
Non-stop	flydubai	14:25	16:25	2H 0M	AED 885
